## DETAILED ACTION

### *Response to Amendment*

1. Applicant's amendment filed on July 3, 2003 has been entered. Claims 1, 3, 6, 10, 11, 13 and 19 have been amended. Claims 5 and 15 have been cancelled. Claims 21-25 have been added. Claims 1-4, 6-14 and 16-25 are still pending in this application, with claims 1, 11, 19 and 21-24 being independent.

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-4, 6-9, 11-14 and 16-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 is indefinite as it is not clear if the recitation "the elongated carrier must be at least partially elastically deformed or bent to insert the elongated member into the slot" (lines 7-9) is a requirement or just an alternative of the claimed invention. The use of inclusive and alternative language (e.g. "and/or") to introduce the limitation must be corrected. In addition, note Claim 11.

Claims 2-4 and 6-9 are rejected for their dependency on rejected claim 1.

Claims 12-14 and 16-18 are rejected for their dependency on rejected claim 1.

***Allowable Subject Matter***

3. Claims 10 and 19-25 are allowed.
4. Claims 1 and 11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
5. Claims 2-4, 6-9, 12-14 and 16-18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
6. The following is an examiner's statement of reasons for allowance:

Applicant teaches an elongated illumination device having an elongated member for receiving an elongated light source. The elongated member includes a cavity where the light source is disposed after passing through a slit formed on the elongated member. The elongated member is elastically deformed for the slit to accept the light source. The elongated member is received by an elongated carrier.

**Johnson et al.** (U.S. Pat. 4,947,293), **Dealey et al.** (U.S. Pat. 5-678,914) and **Dealey, Jr. et al.** (U.S. Pat. 6,152,586) disclose elongated illumination devices having elongated members for receiving elongated light sources. However, they failed to disclose, or even suggest, an elongated member having a slit extending into a cavity where a light source is disposed, the elongated member and light source being received by elongated carrier.

**Hoffman** (U.S. Pat. 6,523,986) discloses illumination devices having an elongate carrier receiving an elongated member. The elongate member receiving an elongated light source into a slot. However, Hoffman fails to disclose, or even suggest, a slit

formed in the elongated carrier. In addition, Hoffman is disqualified as Prior Art to the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
